Dear Sir;

We are pleased to verify your reception of our signal on Wed. Sept. 8 1971 from 7:06 A.M. to 7:19 A.M. We are just a local station but have a very good location and have received reports from many distant areas. I'm afraid I don't know where your first letter got to but hope you receive this one. We wish you continued good reception.

Yours Truly

Doug King
