

KQAQ - INC.

Regional Radio Coverage Serving Northern Iowa - Southern Minnesota

P.O. Box 481, Austin, Minnesota

PHONE HEMLOCK 7-4511

June 10th 1960

Mr. Ernest J. Wesolowski,
1416 Pasadena Avenue,
Omaha, Nebr.

Dear Sir:

Thank you for your report of reception of our test program on the morning of June 9th, between 1:00 and 1:30. Your log indicates you did indeed receive our broadcast and this letter will verify your reception.

We are especially grateful for your report for it helps strengthen our verification of pattern and, since we are a new station (On the air April 15th), mail reports are very helpful to us. Thanks much for your comprehensive report.

Station KQAQ went on the air on April 15th. We run a combo-operation, studios and transmitter located in a new building two miles northeast of Austin. We are a daytime-only licensee with a highly directional pattern using four widely spaced towers. As you requested I am enclosing a copy of our coverage map.

Thanks again for your report and best wishes to you for more and better DXing.

Sincerely

KQAQ RADIO

Floyd Bartlett
