Dear Mr. Wesolowski,

This is a much-delayed answer to your reception report sent to station KTIS, Minneapolis, Minnesota some time ago. I refer to Reception Report No. 63-197.

If you will look in your records, you will probably find a letter of verification written you by yours truly from station KNWS in Waterloo, Iowa. If my memory serves me correctly, I recall a report from you on our station down there. (1090 kc.)

Having taken over as engineer here since your report was received, I was cleaning out a desk drawer and a came upon your report... apparently unanswered.

A check back into the records here showed that your report is accurate in every detail, and that Bruce Hanson was on duty on that morning. I am sorry that we don't have a coverage map to send you.

Sorry to be so long in answering you....shows how often one cleans out his desk drawer. Thank you for your patience.

Very respectfully,

DON MALLEY
Engineer
