Mr. Wesolowski,

This will serve as a letter of verification of your reception of KCLU, on Friday, December 8, 1978. KCLU was once again conducting its monthly frequency measurement with Commercial Monitoring Company of Kansas City. KCLU is a 1 kW, non-directional daytime only broadcast station. We also operate KCLU-FM, 94.3 MHz, at 230 feet.

Thank you for your letter of reception. I have enclosed our coverage map and rate card. Good luck with your hobby and future contacts.

Very truly yours,
