Mr. Wesolowski,

I'm sorry your letter was not answered before now but it was not brought to my attention until today. I am usually the one that answers these letters that we do receive from time to time. I find it interesting to see in what varied parts of the country we are received by people with high quality equipment. I personally worked as a radio operator for the Civil Air Patrol and Civil Defence as well as commercial stations. Thank you for your letter .

Sincerely Yours,

Stanley L. Spurgeon
