Dear Mr. Wesolowski:

First of all let me wish you the best for 1979!

From time to time we receive reception reports such as yours and we are always pleased to confirm them. Your description of program material was certainly enough to be sure you were listening to the "FIX Country".

Do you ever listen for DX on the FM band? If so you should be able to hear our new FM station at 106.5 MHz. I would be intrested in a report of reception sometime.

Enclosed please find Some information that will be of intrest to you.

Sincerely,

*Benton H. Weiss*
