Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Ernest:

This is to verify your reception report of Monday,
November 13, 1961.

Re your questions: Our studio is at 1025 Broad-
way and transmitter on Highway 61 about three
miles south of town. We are now operating with
our new 5,00 watt BC-5P Gates transmitter. Currently
we are only running 500 watts of power during field
tests previous to increasing the power to 5
gallons. No coverage maps available yet on our
new power, but will forward one when we get them.

Thanks very much, Ernest, for your interest. If
ever you are near us, drop in.

Yours truly,

RADIO STATION KCMO

Fred Moore
Chief Engineer
