5000 WATTS
UNLIMITED

CLEAR CHANNEL
1550 KC.

ST. JOSEPH, MO.

Mr. Ernest J. Wesolowshi
1416 Pasadena Ave.
Omaha 7, Nebraska

Dear Sir:

I sincerely regret that we didn't earlier send a verification of your reception report on November 21.

KKJO is a 5000 watt, full time broadcasting station operating in St. Joseph, Missouri. We use a GATES BC-5B Transmitter and have five antennas as we are directional at night.

We appreciate your interest and hope that you will continue to monitor our station from time to time.

Sincerely,

Claude Thomas
