OMAHA, NEBRASKA 68107

This is to verify your reception of our Monthly frequency test the morning of October 7, 1972. Nice to hear from you and if you're ever again in S.E. Mo. you're welcome to drop by our station and visit any time.

Enclosed is a coverage map of our area which was printed a few years back. The Market data is no longer accurate, but everything else should be.

Regards,

Duane Williams
