

KSOA

BOX 386 AVA, MO. 65608 (417) 683-4191

26 January 1976

Mr. Ernest J. Wesolewski
1416 Pasadena Avenue
Omaha, Nebraska 68107

Dear Mr. Wesolewski,

This confirms your reception report of this station on
1430 KHz January 11, 1976 at 0046 to 0050 CST.

I was conducting the monthly frequency checks with
Commercial Radio Monitoring Co., Lee's Summit, Missouri at that
time. This is about the normal time on the air unless some
corrections are made, or reception is poor at the monitoring
station.

Thank you for the report, happy to confirm it.

Sincerely,

R. L. Woods
