The Delta's Most Powerful Radio Station

5000 WATTS

GREENVILLE, MISSISSIPPI

April 8, 1963

Dear Mr. Wesolowski,

THANKYOU VERY MUCH for your report of reception, on April 1, 1963. Your log of W G V M on that date and time was very accurate.

The announcers name is Jim Tugwell, and there was two people in the studio that morning. I was the other voice you heard. Also the Sign On was read before the National Anthem.

W G V M uses A Collins 5000 Watt Broadcast Transmitter, 21-e Modle number. Our Antenna is A Quarter Wave , and the Ground System has 120 Radials 205 feet long.

Our external Frequency Checks are made once A month, by A Frequency Standard in Jackson Mississippi.

Thanks again for taking the time to report reception of W G V M .....

Very Truly Yours,

*Victor M. Landau*
