Sir

This letter is to confirm your reception of our station December 12, 1959. We were making a frequency check at the time. We have no regular time for these frequency checks, only when equipment needs checking. We appreciate this report very much and wish more would join in this hobby. I am a ham too (K5ufg) here in Picayune. Hoping to work you sometime when you get that General.

Sincerely

Harold Poole Chief Engineer
