

GULF COAST BROADCASTING CO., INC.

May 10, 1978

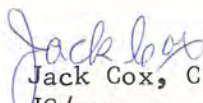

Ernest J. Weslowski  
1416 Pasadena Ave.  
Omaha, Nebraska, 68107

Dear Sir:

Thank you for writing concerning reception of our station. You might be interested in knowing that we have a 5,000 watt, 8-tower daytime and nighttime directional operation. Reception to the north, east and west is limited, since our power is directed toward Gulfport and Biloxi (adjoins Gulfport on the East). The station is six (6) miles due north of downtown Gulfport. We have 8 nulls in our pattern to protect other stations on 1390 KHZ.

Date and time on your reception: Monday, November 22, 1976,  
2:33 AM - 2:39 AM CST.

Sincerely,

  
Jack Cox, Chief Engineer  
JC/aw
