Dear Sir:

Thank you very much for your report of reception of KEIN on July 24, 1974. KEIN has a history that goes way back in Montana radio, starting with KFBB, then KKGf, and now KEIN. Currently, we have had an unusually large amount of technical difficulties with our transmitter, but I believe that our problems have been overcome. Much luck in your DX-ing and I hope that you hear our signal loud and clear for many months.
