

Universal Bldg. - Fargo, North Dakota

Earnest J. Wesolowski
1416 Pasadena Ave.
Omaha 7, Nebraska

Dear Sir:

This will confirm your reception of station KUTT on February 2, 1962. KUTT operates on 1550 Kilocycles with a power of 5000 watts. We are presently a daytime station, but we expect to go fulltime soon.

Once again, thanks for taking time to confirm the reception of our station. Confirmations such as these help to show how well our signal is getting out.

Sincerely yours,

James Johnson,
Chief engineer.

P.S. - Sorry about that letter being misplaced I looked but didn't find it.
