Dear Sir:

This letter will verify your reception report, received February 16, 1966. Your reading was excellent, except for Dawson instead of Johnson as you read, which is understandable.

Our frequency check is the second Friday of each month at 1:45-2:00AM. As for a coverage map which you requested, we do not have one at present, but we are getting out 90 miles in good shape. In some instances even further. As for KNOP-1410, it is on the air as of the middle of January.

Regards
