May 4, 1961

Ernest J. Wesolowski  
1416 Pasadena Avenue  
Omaha 7, Nebraska

Dear Sir:

This letter will confirm your BGL report of January 30, 1961.

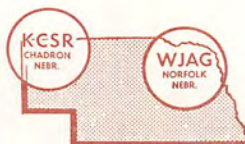

We were on the air for our quarterly frequency check at the time.

Our Studios are located in downtown Chadron, a town of just over 5,000 people. The transmitter is .5 mile west on Hiway 20. Tower height is 150 feet with output power of 250 watts.

I'm sorry for the delay, but stations of this size have small staffs and time is at a premium.

Very sincerely yours,

Frank Allen, Chief Engineer  
Radio Station KCSR  
Chadron, Nebraska
