I am pleased to receive your reception report of our station. Our transmitter is located $\frac{3}{4}$ of a mile north of Kimball and the Studios is $\frac{1}{2}$ mile west of town. At the present time we do not have coverage maps but we receive letters from listeners from these towns: From the west the towns are Laramie & Douglas, Wyoming, from the north, Chadron, Nebraska From the east, North Platte and McCook, Nebraska and from the south Denver, Colorado.

I hope that this letter will serve as a verification report.
