Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Mr. Wesolowski:

We are pleased to confirm your report of reception of KJJK May 25, 1959, from 3:30 to 4:30PM.

We have one tower as we are a non-directional daytime station, with a power of 1000 watts. We have a regular frequency check at 5:50AM the third Tuesday of each month.

Our transmitter is made by Gates as is most of our studio equipment.

Sincerely,

Robert E. Miller
Chief Engineer
