LINCOLN, NEBRASKA

Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

This is a verification of your report of reception of KLMS Lincoln, Nebr. on the morning of Monday January, 26, 1959. We were on the air with music, 800 & 1500 cycle tones and chit chat about KLMS on a long distance reception test program from 1:00 to 2:00 AM CST with night pattern radiation and from 2:00 to 3:00 AM CST with day pattern radiation.

Our regular schedule is from 5:30 AM to 12:00 Midnight CST except to 2:00 AM Sunday. We run no regular scheduled tests.

Thus far we have received DX reports on this test program from:

Nashville, Tennessee
Minneapolis, Minnesota
Hereford, Texas
Proctorville, Ohio
Clearlake Highlands, Calif.
Omaha, Nebr.
Denver, Colo.
Kensington, Kans.
Long Beach, Calif.
Carroll, Iowa
Invercargill, New Zealand
Dunedin, New Zealand (2 reports)
San Diego, Calif.
Paxton, Illinois
Palm Springs, Calif.
Auckland, New Zealand
Oklahoma City, Okla.
Bottineau, North Dakota
Yuma, Arizona

I appreciate receiving your report.

Carl A. Lewis

I believe this is about the size of it Ernie. A total of 20 reports which I feel is pretty fair, and we got some good interesting summaries. It was of some value to us and we thank the clubs and all you DXers for your response. Our interference was chiefly KBOX, WHOM, WSAR, KGKO, KPAL and what one fellow thought was KWAT. Also one unidentified Australian station bothering the guys in New Zealand.
