Omaha, Nebr.

Dear Mr. Wesolowski:

Station WOW operates 24 hours daily except Sunday when we sign off from 1:00 AM to 6:00 AM. The transmitter runs unattended, being operated by remote control.

Our auxiliary transmitter has a power output of 1 KW. It also is remotely controlled from our studio control room in the Insurance Bldg.

Enclosed is a QSL card. Thank you for your report.

Cordially

W. J. Kotera
