

1-10-75

I am sorry, but I can find no record of your request for a check in 59 and again in 61. The station's facilities have been moved twice since, and there is no records stored here dating back that far.

However, it is quite possible you did receive KRAC because since the station has been on the air, a regular monthly freq. check has been made.

Sorry we can't be of more service to you.
