Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7. Nebraska.

Dear Ernest:

Thanks for your report of reception of our station on April 4, 1963 from 2:00:30 to 2:03 AM EST.

At the time you heard our station I.D. we were testing for adjustment of new station, new D.A. from new Site, with un-modulated carrier except for station I.Ds. In particular we were adjusting D.A. Currently we are licensed for 1-KW daytime only operation with two tower D.A. New station will be 500 watts nighttime with four 420' towers in line and daytime with 5-KW with two of the 420' towers plus one 150' tower in triangular arrangement.

Present location of our station is address shown above. New location will be 106 Glenwood Avenue, Cincinnati, Ohio.

Thanks again, Ernest for your report good listening and DX.

Sincerely

Carl J. Dettmar
Carl J. Dettmar, C. E.

P. S. Enclosing coverage map covering on present, old station, new location will be approximately 5 miles N.E. of present site.
