Omaha 7, Nebraska

Dear Mr. Wesolowski,

Sorry that it has taken us so long to answer your request. We have just recently had a change in engineering staff around here and things are still a bit unsettled. This is confirmation of the reception report reported on April 19, 1963 at 5:53 AM. Your report of interference from WLS is, of course, to be accepted.

glad to here from you.

Sincerely,

John C. Spiker  
Chief Engineer
