

KWCO

1560 KC
1000 WATTS

CHICKASHA, OKLAHOMA P. O. BOX 770

April 2, 1960

Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Mr. Wesolowski:

This will confirm your report of reception
of KWCO on January 25, 1960, at 11:25 pm,
~~CST~~ CST.

A thousand apologies for the delay in
confirming your report. I have paved many
roads with my good intentions.

Our station operates non-directional in
the daytime, but at local sunset, we switch
to 250 watts, directional north-and-south,
which explains why our signal is consistently
readable, if not listenable, through the
middle of the United States.

Thank you very much for your interest and
report.

Very truly yours,

Ben DeKinder,
Chief Engineer
