

# KWON

1400 KC. 1000 WATTS □ P.O. BOX 1215 □ BARTLESVILLE, OKLAHOMA □ 918 336-1400

August 29, 1973

Mr. Ernest J. Wesolowski  
1416 Pasadena Avenue  
Omaha, Nebraska 68107

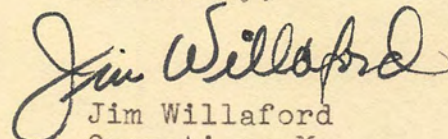

Dear Mr. Wesolowski:

This is to confirm your report of reception of KWON on 1400kHz, Monday, August 27, 1973.

I was really surprised by your report since 1400 is really loaded with signals, even after midnight.

I too am looking forward to the big football game of the season, but at this point we in Oklahoma are wondering if enough of the team will be out of the hospital to play.

Sincerely,

  
Jim Willaford  
Operations Manager
