December 22nd, 1976

Mr. Ernest J. Weslowski,
1416 Pasadena Avenue,
Omaha, Nebraska,
U.S.A. 68107

Dear Ernest:

We are pleased to confirm your reception report of Monday,
December 13th, 1976, from 3:11 p.m. to 3:17 p.m. Central Standard
Time.

C J M E received approval this Fall for an increase in power to
10,000 Watts from our present 1,000, and we hope to be operating
at 10,000 around mid-January.

Because of the power increase, our current Coverage Map will be
outdated, so I am enclosing a couple of "Star Signs." Had we
known your birthdate, we could have sent you your personal Sign,
but these will give you an idea of what they are. We've given
thousands away since the Promotion began in July. Our "Stargazers"
go out on the streets, into shopping malls, to Football games and
other sporting events, and when they spy someone wearing his/her
Star Sign, that person wins a small prize. At intervals, we give
away a grand prize, such as the set of power tools you heard about
on your reception.

Thanks for your report. Merry Christmas and Happy '77!

Sincerely,

DAVE SENFT,
Director of Engineering.
