Dear Mr. Wesolowski,

Thank you for your report on Radio Station  
CKFH which was correct.

CKFH is a 10,000 watt daytime station,  
operating 24 hours a day. We employ a four tower  
array. Three towers for our night time pattern, three  
for the day. Two towers are common to both night and  
day.

Our transmitter is located on Toronto Island,  
directly south of Toronto.

Yours truly,
