Dear Ernest,

Thank you for your reception report of CKJD's DXtest of Oct.18/74. I checked out the details you sent and found them correct even though the only modulation that got thru the interference was tone. This letter will verify your reception of CKJD-1250 3:34am to 4:14am October 18/74, While we were testing on day pattern (untill 4:01am) and then night pattern with 1000 watts. A coverage map is enclosed, and thanks again for your report.

Yours truly,

A handwritten signature in blue ink that reads 'Ron Sibbitt'.
