KISN PORTLAND

Feb. 27, 1963

Ernest J Wesolowski  
1416 Pasadena Ave  
Omaha, Nebraska

Dear Sir:

Thank you very much for your tape recording of KISN  
Portland. I am not sure of the date of the recording,  
but do know that it was made prior to Jan 15th, 1963,  
as one of the announcers mentioned was released about  
that time.

I return the recording to you, and have sent a dub to  
Portland so that the folks out there might hear it.

KISN is a 1,000 watt station on 910 KC. with a  
directional antenna at night. The pattern at night  
has two lobes, general direction is east and west.  
The nulls are in the direction of San Francisco, and  
Camloops British Columbia.

You will receive a QSL card as soon as they are off the  
press.

Thank you.

  
Jerry Weist CE
