Gentlemen:

I am pleased to report reception of your station on Monday, December 8, 1975
from 3:32 AM to 3:40 AM Eastern Standard Time on 1090 kcs.

Items and announcements heard on this broadcast are as follows:

This is a tentative report for your special Test Broadcast. I never did hear a station ID. Also, there was periods of open carrier and 60Hz and 1000Hz tone from Station KAAY in Little Rock, Arkansas, who was testing at this same time. Their signal was S-9 plus 20db.

I would appreciate having a short letter of verification, typed on your WMTY stationery, if you can verify this report. Again, I did not hear a STATION ID and there was also interference from the Mexican South of San Diego, California on regular schedule with English programming.

Thank you again for your time if this was you that I heard. 73's.
