Dear Mr. Wesolewski:

This is verification of your reception of our
frequency check 1:16 to 1:31 AM, January 17, 1963.

What you read about change of ownership, must have been
at the time of Mr. Robinson's death, but it - along with
Wtpr, WENK, WDXI, WDXE, WCMA and WDXI-TV, are still
owned by Mr. Robinson, Junior and his sister, Mrs. Brown.

No, we were on 1,000 Watts in 1961, also.

We measure frequency each third Thursday morning with
Van Nostrand in Atlanta.

That Columbus, Ga. DAK was really travelling over the
Smokies, wasn't he?

YOU drink the coffee!

Regards,

W. J. McCluney
Manager
