

RADIO STATION

W E N K

UNION CITY, TENNESSEE

1240 on your dial

Phone 885-1240

Dear Sir:

Thank you very much for your reception report that you heard our ~~frequency measurement~~ <sup>proof of performance</sup> test on Oct 2, 1962 and we are happy to confirm it.

For your future information, W E N K broadcasts a frequency measurement test on 1240 kc with 1000 watts of power each third Tuesday morning of every month from 2:20 A.M. until 2:35 A.M. C T S, with a modulated carrier of 1000 cycles per second, with a phonetic station break at approximately two minute intervals.

W E N K is located in Union City, in the northwest corner of Tennessee, 25 miles east of the Mississippi River, 6 miles south of the Kentucky state line and 115 miles north of Memphis, Tenn.

W E N K operates from 5:00 A.M. until 10:30 P.M. C T S, with 1000 watts day time and 250 watts night time. Studios are in the heart of downtown Union City, about two miles from the transmitter. We have a 184 foot tower.

Some literature describing our station and our State is enclosed.

Thanks for writing, and happy DXing.
