Mr. Ernest J. Wesolowski  
1415 Pasadena Avenue  
Omaha 7, Nebraska

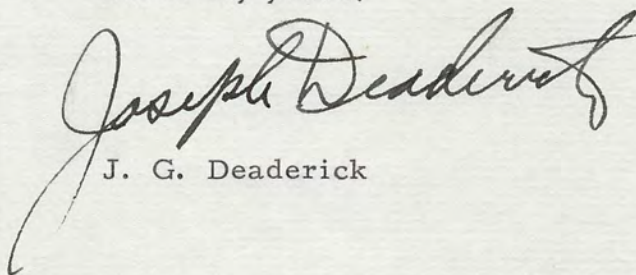

Dear Mr. Wesolowski:

This letter will serve to verify your report, dated February 8, 1962, of your reception of program signals from WMPS from 3:11 to 3:27:30 AM CST.

We are enclosing one of our WMPS Coverage Maps dated May, 1961. Our studio is located at 112 Union and our transmitter is located at 3627 N. Benjestown Road. WMPS broadcasts from a non-directional antenna until local sunset with a power of 10 kw, at which time it employs a direct array, consisting of four 400' towers with a power of 5 kw.

We appreciate your report and hope that you will listen again to our station.

Sincerely yours,

J. G. Deaderick
