Dear Mr. Wesolowski:

Thank you for your letter reporting the reception of our signal on January 18, 1975. Your logging of our sign-off was correct. I always am interested in knowing that our signal actually does carry to distant areas.

Enclosed you'll find a copy of KALT's coverage map and a copy of our current rate card. If we may be of any further service to you or the other members of the IRCA, please let me know.

Sincerely,

David Wommack, Jr.
Manager
