Dear Mr. Wesolowski:

I am most happy to verify your report concerning this radio station, we apparently did not receive your first letter as we are always happy to verify any such report if the facts are correct ...

Your report information is correct ..weather here on that date was clear and windy ....

I have enclosed information about our station contained on a rate card ..along with Ft Stockton fact sheet and a station key chain.

Best wishes in your Radio Club work ....

Sincerely,

Jim Hawkins  
President
