Dear Mr. Wesolowski:

Thank you for your report stating you received our station at 6:45 a.m. on September 19, 1974.

Your reception was very clear except the Farm News is presented by Tony's Feed & Seed instead of Tonnie's Pizza. The Farm & Market News was being reported by a woman during that week. We receive the program from the Texas State Network, Ft. Worth, Texas.

During the Central Daylight time our regular sign on time for AM is 6:45 a.m. This is set according to the FCC. We receive a schedule from the FCC giving sign on and sign off time according to Standard time, which would have been 5:45 a.m. however, since Daylight time is standard year around, we sign on at 6:45 a.m.

As requested, enclosed is a coverage map for KGAF and KGAF - FM.

Thank you for your interest and continued success with your hobby.

Sincerely,

J. O. Miller
Chief Engineer
