Galveston, Texas
December 30, 1959

Mr. Ernest Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Mr. Wesolowski:

This letter will serve to verify your reception of radio station KGBC between 10:35 and 10:41 pm C.S.T. on November 24, 1959.

KGBC operates on a frequency of 1540 kilocycles with a daytime power of 1,000 watts and a nighttime power of 250 watts.

We have just completed a move to our new studios and transmitter location on Pelican Island. This enables us to put a stronger signal over the main portion of the city of Galveston.

We hope you will continue to tune our way often. Best listening!

Sincerely,

Luke Stripling

Chief Engineer, KGBC
