Dear Mr. Wesolowski,

Thank you for your recent report of reception of KJIM Radio on Friday evening March 3, 1972 just before our sign off time at 6:30pm.

As you may already know, we must go off the air at night due to WWL in New Orleans. They really cause us lots of interference around this area too before sunset.

Enclosed is a copy of our Coverage Map per request.

Sincerely,

Bill Davis
