September 6, 1967

Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha, Nebraska

Dear Mr. Wesolowski:

We are most pleased to acknowledge your reception report on April 18, 1967, from 0502 to 0516 C.S.T. of one of our monthly frequency checks.

Since we operate daytime only; with a directional signal beamed in a broad southerly direction, it is always interesting to hear from DX fans like yourself. Sorry we can't offer any better programming other than a 1000 cycle tone, but it is verboten and be on the air at night except for equipment test measurements.

Sincerely,

Martin Griffin
Station Manager
