

16 August 1963

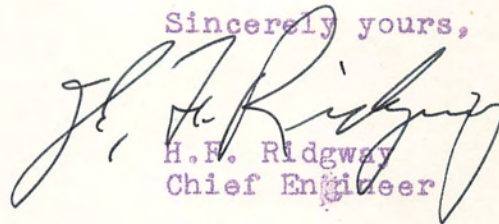

Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Sir:

We are happy to acknowledge your report of reception
of KRBC on 28 August 1962 at 5:29 a.m. CST.

KRBC operates on a frequency of 1470 kc with a
daytime power of 5 kw. non directional and a night-
time power of 1 kw. directional antenna. We use a
Collins 21A transmitter.

Sincerely yours,

H.F. Ridgway
Chief Engineer
