Dear Ernest:

This is to verify your reception of Radio Station K T U E, Tulia, Texas, from 12:26 AM to 12:56 AM, central daylight time, on 1260 KHz. Saturday, March 23, 1974. Your information agrees with our log.

Yes, we played a bit of popularized, mostly instrumental country music during approximately the last 45 minutes of our proof, so our engineer could measure our signal strength and check our harmonics one mile away from our antenna. We left the air at 1:30 AM.

Thanks for your report and the post card with the picture of the southern home of that good ole' "Bud". Hope you find the enclosed coverage map interesting.

Yours sincerely,

B. K. Barker Jr., Ch. E.
