This is the first time that I have heard KXIT Radio in my 13 years of DXing. I have never been in Dalhart, but to the East of you while on the way to our National Convention of the National Radio Club, which was held back in 1961 in Amarillo. Each year each of the above mentioned radio clubs have their own Annual Convention in a different city.

This report was made while in my car. I work the evening shift at Western Electric and got off work at midnight. Your signal was weak at first but improved. We were having a heavy rain, no lightning however.
