Dear Sir,

This is to verify your reception of our test broadcast on the morning of the fifth of November. Please excuse our latness^s in replying, but we sometimes put things off until it is over time to get them done.

Wed will have another test program on the morning of the third of March, so we hope you will be able to tune us in then and let the other DXers in the Omaha and Central Area know about our program.

Sincerely,

Dave Linder
