

Mr. Ernest J. Wesolowski  
1416 Pasadena Avenue  
Omaha 7, Nebraska

Dear Mr. Wesolowski:

This will confirm your reception of WCAW on  
680 KHz.

WCAW operates on 680 KHz with a power of  
10,000 watts non-directional during the daytime  
hours and with a power of 250 watts directional  
during the night, and 1000 watts during pre-sunrise.

We appreciate your contacting us with reference  
to our station.

Sincerely,

William E. Ford  
Chief Engineer
