

**KFBC-TV**

**CHANNEL 5  
CHEYENNE, WYOMING**

1240 kc.  
250 watts

Our AM tower is located in South Cheyenne.

Commercial Radio in k.c. makes our frequency measurements.

This will verify your reception of Channel Five in Cheyenne . . . . . the home of "Frontier Days". We were pleased, indeed, to hear from you.

P.S. I worked for KMTV for 5 years
