Dear Ed,

It was nice to hear from you, with reference to our Frequency check of Oct. 11th. We do not have a coverage map available right now, however I am enclosing a rate card just for kicks. Our studios and transmitter are located at the west city limits of Rawlins. Our tower is gyed and is 157'. Our frequency checks are made to Commercial Radio in Kansas City.

I hope this is the information needed to complete your file. Our frequency check date is most generally on the second Tuesday of every month. 12-midnight MST.

Sincerely,

Denny Hawkins Mgr.
