Dear Mr. Wesolowski:

This is to confirm your letter of reception report of KRKK radio.

ARNOLD H. MORCK
President

Wm. J. LUZMOOR III
Vice President
and General Manager

Your reception report is exactly right. KRKK was on the air SAT. morning November 9th from 12:16 am to 12:20am for our monthly frequency check in Kansas City, Mo. KRKK is a brand new station as of Sept. 6, 1974 when Media west acquired KVRS. KRKK is in the process of applying for a power increase of 5000 watts non-directional day and 1000 watts directional night. Our pattern is due north at night.

I would appreciate it if you would send me some information on your receiver and antenna system, and where they can be purchased. I also enjoy DX AM radio stations at night.

Thank you for your reception report and keep listening to Wyoming's # 1 station 'KRKK'.
