Omaha 7, Nebraska.

Dear Sir;

Thank you for the report on the reception of CKSA TV channel 2 in Omaha Nebraska on July 8th at 6:00 pm to 7:00 pm. I am pleased to verify your report as correct.

Our studios are situated in the radio television building in downtown Lloydminster on the Alberta side of the boarder. The transmitter and antenna are located eight miles north on the west side of highway 17.

We are using a General Electric transmitter with an ERP on video of 116,000 watts and audio 23,200 watts. The antenna is a four bay batwing 730' above the average terrain.

Thank you again for writing.

Yours truly

H.G.S. James
