Dear Sir:

We have your report on the special late broadcast from CKUA on the night of January 19th - 20th. Although conditions, from the listeners standpoint, would seem to be quite poor over a considerable part of the Continent we are glad to say that we were charted in quite a number of sections from the Pacific Coast to the East.

There is no doubt from the data you have supplied us with about your receiving us on this occasion and we are glad to acknowledge with thanks and verify your report.

Yours very truly,

RADIO STATION CKUA,

per H. *H. P. Brown*  
Chief Announcer and Studio Director.
